Company Profile

Established in 1994, Chini Cord is the largest producer of sanitary ware in Iran. we employ over 1000 people and have a production capacity of 1.5 milion pieces per annum.

Our plant is state of the art, allowing us to manufacture top quality products of superior standards. In addition to leading sales in the domestic market, we currently export to more than12 countries in the region and worldwide. In the following pages, you will find our current product offering.

A modern bathroom with a bathtub, a potted plant, and a decorative wall panel. The bathtub is white and set on a tiled platform. To the left, there is a potted plant with green leaves. The wall behind the bathtub is covered in small, light-colored tiles. A decorative wall panel with a yellow and black pattern is visible on the left side. The ceiling has recessed lighting. The floor is dark with a patterned rug.
